

SADD-OPOLY GUIDE

21-22

SADD-OPOLY

WHAT IS SADD-OPOLY

SADD-opoly is a year-long program that promotes a strong, healthy SADD chapter, all based on the hit board game Monopoly. Chapters progress through the game-board over the course of the year, earning "dollars" for each space they complete.

All activities are based around building your chapter's capacity to succeed (see Activity Categories).

SADD-opoly runs from 9/1/21 - 5/15/22, with each activity having a completion date. Completion may require additional documentation delivered to Missouri SADD.

The chapters earning the most "dollars" each quarter, semester, and year will be recognized for their contributions and participation.

PROGRAM IMPLEMENTATION COMMUNITIES

A Program Implementation Community (PIC) is a SADD chapter or other school prevention organization that focuses their efforts on fully implementing SADD's programming. Missouri SADD will directly support these chapters with programmatic and fiscal needs to spur grassroots efforts in the local community related to youth prevention. SADD chapters participating in SADD-opoly may become a PIC.

ACTIVITY CATEGORIES

Chapter Management - Building a thriving chapter will help build your school's capacity to provide safe decision making training to students and community members.

Advocacy - Connecting with government leaders at helps student members to understand their role in shaping public policy.

Events - Hosting events builds soft skills in teamwork, communication, and decision making while promoting causes important to SADD.

State Programs - Missouri SADD, in partnership with ACT Missouri, promotes numerous programs that focus on local and statewide issues regarding youth.

National Programs - National SADD has amassed a collection of industry partners to build a library of programs that focus on youth at a national level.

Leadership - Strong leaders are the catalyst for change for the future. Building the next generation of leaders will ensure the success of youth prevention efforts.

Media - Sharing the work of your SADD chapter can serve as a call to action while celebrating the successes of your chapter.

HOW TO PLAY

GETTING STARTED

To get started, download an [official gameboard](#). You won't need anything else to play except the hard work of your students and community.

THE RULES

The gameboard moves in a logical order, with each side of the board representing a quarter, each half of the board a semester, and the whole board representing a whole year. Gameplay may begin anytime in the year but you cannot go back to uncompleted tasks after the quarter has ended; a chapter may work ahead, if necessary.

Each space on the board represents an activity for your SADD chapter, with a deadline to complete the task. Completing the task by deadline will earn you the dollars associated with the space.

Completing a task early is acceptable but does not earn any additional dollars. You may skip over tasks if your chapter chooses to not participate.

Detailed information on each task can be found in this guide. Some tasks may require you to submit documentation to Missouri SADD for proof of completion.

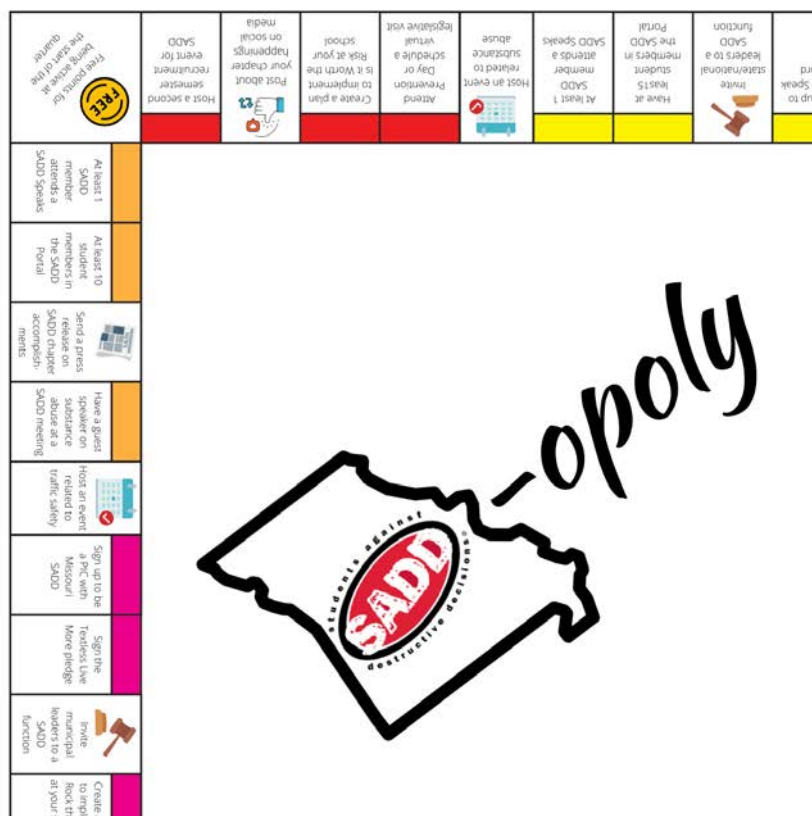

Not every activity may be possible in your SADD chapter, and acceptable activity modifications can be found in this guide.

GAME PLAY PERIODS

The game is organized into game play periods to help your chapter plan participation.

- **Semester 1** - 9/1/21 - 12/31/21
 - *Quarter 1* - 9/1/21 - 10/31/21
 - *Quarter 2* - 11/1/21 - 12/31/21
- **Semester 2** - 1/1/22 - 5/15/22
 - *Quarter 3* - 1/1/22 - 3/15/22
 - *Quarter 4* - 3/16/22 - 5/15/22
- **All Year** - 10/1/21 - 5/15/22

Reporting of activity completion is done quarterly via a SADD-opoly Quarterly Reporting Form. Forms are available at www.actmissouri.org/sadd-programs.
